

MACHINERY & EQUIPMENT FOR DIY, TRADE & THE PROFESSIONAL

INDUCTION HEATER "HOT ROD" H7E

NEW

For freeing up rusted fittings, nuts, bolts, O2 sensors; removal of soft dents in sheetmetal, without using an open flame; in lockable aluminium case with 8 coils

H7E

\$440.00

\$506.00 incl. GST

- No damage to heat-sensitive parts
- No heat effect on rubber or plastics
- No open flame
- LED lights work area
- Strong thermoplastic housing
- Fan cooling and thermal protection

With the selected coil, the current is converted to a high frequency alternating magnetic field. The electrons in conductive metal are vibrated by electromagnetic induction. The part does not need to get red hot – just a few seconds are required. Replacement coils and other coiled profiles available.
